2018 – 2022      Science Teacher at South  
London Secondary School

2016 – 2018      Science Teacher at East  
York Secondary School

# Letter of motivation

“...my hope is that in moving into a smaller community I will be able to better meet the needs of each single student, to render my teaching method more effective. Passion alone unfortunately is not enough to make a good teacher, but with my excellent organizational skills will prove an invaluable asset in the class and the school more in general.”

Hobbies: knitting, reading, baking
